

2026 IMMIGRANT JUSTICE PACKAGE

Universal Representation – \$10M Pass HB 4117 to protect due process and support children

**STAND WITH IMMIGRANT
OREGONIANS**

Nearly 55,000 U.S. citizen children in Oregon live with an undocumented family member, and thousands more immigrant children face the same risk. When a parent or caregiver is detained, these kids face immediate crisis: lost income, eviction, hunger—on top of the trauma of separation.

The Trump Administration's deportation push has made this threat urgent. Demand for immigration legal services has surged 4,000% since last year. Oregon's universal representation program, Equity Corps of Oregon (ECO), has already supported over 20,000 immigrant Oregonians.

This investment keeps families together and protects workers through two critical functions:

- **Immigration legal services, \$5M:** Provides deportation defense and other critical legal services to keep families and communities more stable and secure.
- **Children's Stability Fund, \$5M:** Direct assistance to children and families separated from a caregiver, covering rent, utilities, and food when breadwinners are detained.

Equity Corps of Oregon (ECO) A proven program responding to crisis

ECO provides no-cost, comprehensive immigration legal services to Oregonians through a statewide network of community-based organizations, lawyers, and accredited representatives.

The ECO Call Center plays a critical role in Oregon's rapid response network. In November alone, the call center received **4,741** calls and enrolled **1,240 Oregonians**—including over **430 detained individuals**, nearly double the previous month.

STAND WITH IMMIGRANT OREGONIANS

When immigrant communities are targeted, families struggle, our economy suffers, and critical systems are pushed to a breaking point. No family should have to plan for parents being torn from their children.

These reckless federal attacks demand a strong, unified response. Oregonians know we are stronger together.
